

# **KRR 2024 Emergency Update**

## **Please Read**

We have been informed that the incident involving a tour bus on the South Klondike Highway (KM 53) will be resolved and the road reopened shortly. Unfortunately, due to safety concerns and delays in setting up our checkpoints, this means we have cancelled Legs 1-3 of the Klondike Road Relay.

Legs 4-10 (and half checkpoints) will continue as usual. We are not able to make any changes to the running order or to accommodate Leg 1-3 runners in the back half of the race.

Leg 4 racers will begin a Checkpoint 4. Your Leg 4 start time is EXACTLY 4 HOURS after your team's scheduled Skagway start time.

We ask that teams leaving from either Skagway or Whitehorse DO NOT depart more than two hours in advance of your start time to allow Checkpoint 4 ample time to prepare for this new start line.

Canada Border Services Agency will keep the Canadian border open overnight.

US Border Patrol will keep the border open overnight until 7am to help accommodate any teams returning to Skagway.

All racers are invited to join us at the Party in the Park even if you were unable to run your leg of the race.

We appreciate your patience and understanding as we navigate this situation.

Best,

The Klondike Road Relay Team
